## INTRODUCTION

It is the purpose of this book to bring to those who are already familiar with crocheting my very beautiful and original designs in Hand Knit Laces, and trust they may find them pleasing and interesting.

Any lady, however inexperienced, can easily reproduce any of the patterns by giving close attention to the printed instructions on the following pages.

Nothing is as interesting and pleasing and affords greater pleasure than the needle. My time in needlework is more pleasure to me than a trip to the park or reading a novel.

It is my intention to make every endeavor to give all lovers of knitting the best and most useful patterns that can be conceived.

MISS RAY L. WILSON.
