Microsoft
Alumni Panel

Tuesday, October 4th
6:30-8:00PM
Location: Gould-Simpson, Room 906

Microsoft will be hosting an alumni panel made up of former University of Arizona students who successfully navigated the Microsoft recruiting process and wants to share their experience and advice. You will also be able to hear about why they choose Microsoft and what it's like to work on an engineering team day-to-day. This is a great event to attend to skip the career fair line and ask some of the questions that you have been wanting to know.

Bring your resume and stay for the free food and info!
