

Tutor Positions for SALT, CATS Academics & Think Tank

We rely on our tutors and need your help in recruiting them! Being a tutor is great opportunity for students to build their resume, expand their transferrable skills, and get connected on campus.

Become a Tutor!

Spring 2017 tutoring positions available at C.A.T.S. Academics, S.A.L.T. Center and Think Tank in math, physics, chemistry, geosciences, business, education, social sciences, humanities, and languages. We accept tutors from any major.

Benefits of being a tutor include

- Flexible hours and paid training.
- Opportunities to earn CLRA (College Reading & Learning Association) tutor certifications and pay raises for completing training.
- Becoming a leader and mentor. Seasoned tutors mentor new tutors and lead trainings. Interviewing, outreach and other opportunities are also available in later semesters.
- Gaining mastery of content knowledge and tutoring methods. Helping others learn challenges you to think about and apply your knowledge in new ways each day.

Interested and want more info? Attend an Info Session at the SALT Center in the Patricia A. Bartlett Building, Room 120.

- Thursday 10/27, 5pm
- Wednesday 11/2, 5pm

Apply

There is mandatory training January 9th and 10th.

C.A.T.S. Academics: To request more info, contact Aaron Davis at catstutoring@gmail.com
Completed applications should include a resume, cover letter, and a copy of your unofficial transcripts.

S.A.L.T. Center: <http://www.salt.arizona.edu/services/tutor-employment> Click on "Become a SALT Center Tutor." Questions can be directed to Carlos Williams cwilliams4@catworks.arizona.edu or Blake Cesarz cesarz01@email.arizona.edu.

Think Tank: <http://thinktank.arizona.edu/information/jobs> under "Content Area Tutor." To request more info, contact Mel Williams at meliss00@email.arizona.edu. Completed applications can be turned in to Mel by email or dropped off at the Think Tank Bear Down Gym front desk.

Thank you!
